

Xerox® B310 Printer and Xerox® B305/B315 Multifunction Printer

Finally, printers that can keep up with you.

XEROX B310, B305/B315

xerox™

Meet the Xerox B310 Printer and Xerox B305/B315 Multifunction Printer

A quicker pace. Higher expectations. Greater agility. New ways of working demand better, more versatile ways of printing, especially for small to medium-sized businesses and remote employees.

Get more done faster with the Xerox B310 Printer and Xerox B305/B315 Multifunction Printer (MFP).

These fast, compact, black-and-white workhorses are ideal for lean, busy work teams, home offices and tight spaces. They're ready to work hard right out of the box, delivering the ease, speed and reliability you need to stay productive, nimble and secure.

SET UP AND GO

The Xerox® Easy Assist app simplifies installation, monitoring and management of your printer or MFP right from your mobile phone. It provides easy access to self-support services and real-time monitoring of printer performance. And, Xerox® Smart Start Software takes the guess work out of setup by automating the installation of the latest software for your printer or MFP on your computer – all without IT support – allowing you to be up and running quickly.

UNPARALLELED PERFORMANCE

Higher print speeds and day-in, day-out dependability are just the beginning. The B305/B315 MFPs go beyond business basics to deliver fast color and B&W scanning, duplex scanning for more applications and better paper handling with more trays for higher capacities and usage. The B315 takes it even further with the ability to fax.

QUIET, PLEASE

Ultra-quiet operation meets big performance packed into a compact frame. Even the MFPs are small enough to fit where you need them, so you can scan, print, copy and fax* with fewer interruptions or distractions.

SINGLE-CLICK SIMPLICITY

Get more out of every click with Xerox® Print Drivers and the Xerox® Print and Scan Experience App. One-touch convenience is at your fingertips with quick access to printer presets and print functionality from your laptop or desktop. And scanning is a snap with features like auto-straightening, auto-cropping images and receipt scanning.

MOBILE FLEXIBILITY AND FREEDOM

Print how you please, anytime and anywhere. Built-in Wi-Fi connectivity and features like Apple AirPrint, Mopria and Wi-Fi Direct® make it easy to print from mobile devices, laptops, tablets, Chromebooks or desktops.

SECURITY YOU CAN COUNT ON

Comprehensive, end-to-end security protects against increasingly sophisticated cyber threats, safeguarding access while keeping data and documents secure.

LOWER COSTS, LESS WASTE

Only the highest internationally recognized standards for environmental performance will do, including Blue Angel and EPEAT. Long-lasting, high capacity toner keeps running costs low, while our **Green World Alliance**** recycling program makes it easy to improve your eco-footprint with simplified cartridge recycling.

* Fax capabilities only available on B315 MFP

** Not all countries support Green World Alliance. Please check local legislation.
