Is ease, reliability and security too much to expect from your printer? What about seamless connectivity and vibrant color? Not if you're a small or medium-sized business with remote employees. You need a hardworking printer that supports productivity instead of getting in the way.

Say hello to the Xerox C320 Color Printer and Xerox C325 Color Multifunction Printer (MFP). With minimal learning curve, these devices have everything small work teams and home offices need.

A NEW STANDARD OF EASE

The Xerox C320 Color Printer and Xerox C325 Color Multifunction Printer come with everything you need and nothing you don't. And with an intuitive user interface (UI) that works just like your favorite tech, every interaction is faster and simpler.

MOBILITY THAT MOVES YOU

Built-in mobile connectivity, Apple AirPrint, Mopria Print Service and Wi-Fi Direct® give you the power to print how you please from all your devices — smartphones, tablets, desktops, laptops or Chromebooks.

COMPACT MEETS QUIET

Get more out of your time and office space. Even the MFP is small enough to fit in tight spaces, and both devices feature a Quiet Mode for ultra-quiet operation and fewer interruptions.

SMARTER SUSTAINABILITY

These devices include more than 30% post-consumer recycled plastic content. They meet globally recognized standards for product environmental performance, including EPEAT and ENERGY STAR®. In addition to easy cartridge recycling through our **Green World Alliance**®2 program, customizable Print From Sleep Mode reduces energy usage.

COMPREHENSIVE SECURITY

End-to-end security features, such as authentication and encryption, protect against rising and increasingly sophisticated cyber threats, keeping your sensitive data and documents safe.

¹ Copy, scan and fax capabilities only available on C325 MFP
