

Xerox® Integrated RFID Card Reader

Making Security Simple and Built-In

Benefits of Integrated RFID Card Readers

IT managers are looking for effective ways to track copying and printing on their MFP devices to keep data secured. Xerox has developed a convenient method of identifying users at the printers using RFID technology. The benefits of using RFID Card Readers for print authentication and print release are far greater when trying to comply with security regulations, confidential documents not getting in the wrong hands, as well as lowering the expenses related to office printing.

Advantages

Xerox RFID Card Readers complement print management software by adding authentication and security measures to your office. The advantages of the Xerox Integrated RFID Card Reader kits include the following:

- Readers securely install under the printer cover.
- Readers support over 60 RFID technologies simultaneously.
- Readers are certified worldwide for global accounts.
- Readers are reprogrammable to support customer requirements.
- Readers are compatible with all authentication/accounting systems that support USB keyboard emulation interface.
- Trial reader kits are available in ValuQuix.
 - These kits includes the TWN4 MultiTech-P reader which covers about 95 % of installs.
 - If HID iClass technology is present, the TWN4 MultiTech-PI reader is recommended due to higher security encryption.
 - Please contact Customized Application Services (CAS) for additional information

Card Technologies Supported by Firmware 304

High Frequency (13.56Mhz)	Low Frequency (125 / 134.2Khz)
HID iCLASS*	AWID
HID iCLASS SE/SR*	ioProx
ICODE SLI	CASI-RUSCO
MIFARE Classic	EM4100,4102, 4200
MIFARE DESFireEV1	EM4150
MIFARE Mini	G-Prox
MIFARE Plus S,X	HID DuoProx II (1336)
MIFARE Pro X	HID ISO Prox II (1386)
MIFARE Smart MX	HID Micro Prox (1391)
MIFARE Ultralight	HID ProxKey III (1346)
MIFARE Ultralight C	HID Prox
NFC Forum Tag 1-4	HID Prox II (1326)
NFC Peer-to-Peer	Indala
Tag-it	Nexwatch
Calypso	Pyramid
CEPAS	UNIQUE
Moneo	FDX-B, Q5
PicoPass	TITAN (4x50)
SRI512,SRT512, SR14K, SR1X4K	4305
PayPass	Keri
SLE44R35, SLE66Rxx (my-d move)	HITAG 1, HITAG 2, HITAG-S
EM4x33, EM4x35	
LEGIC Advant	
Sony FeliCa	
HID iCLASS SEOS*	

***TWN4 MultiTech-PI reader is recommended**
